Dear Parent/Carer

If your child catches a service bus or the Briggs bus:

The Briggs bus is a private service kindly provided by a local company. The cost of this service is £1 each way. However, there are limited spaces available on this bus. If your child is unable to gain a seat on this bus they will need to catch the service bus provided by First Bus.

Unfortunately, the service provided by First Bus is slightly more expensive and there have been times where children have not had enough money to catch this bus. Please make sure that you provide your child with enough money for the First Bus, as spaces are limited on the Briggs bus.

Yours sincerely

Headteacher
