7<sup>th</sup> January 2022

### **PREPARATION FOR POST-16**

Dear prospective Student, Parent and Carers,

Your son/daughter will be completing their Key Stage 4 education in less than six months' time and will begin a new phase of their lives. Education is no longer statutory but it is recognised that all students will continue into some form of Post-16 education, either vocationally based or in a non-compulsory educational setting such as our Sixth Form.

Over the coming months we will deliver a programme of advice and support so that you are equipped to make an informed choice about future studies and career plans, even though the Covid-19 Pandemic has resulted in the school needing to adapt the way that this would usually be completed.

On the school website (which will be updated and live on Wednesday 12<sup>th</sup>) you will find a lot of information on Morrison Comprehensive School's Sixth Form and an electronic copy of the Sixth Form prospectus. Alongside the prospectus is information on the subjects offered with a video for you to watch explaining each course [www.morrisoncomp.co.uk/sixth-form-at-morrison-comprehensive-school/](http://www.morrisoncomp.co.uk/sixth-form-at-morrison-comprehensive-school/)

**To help make sense of subject information, we have scheduled a virtual options event for Wednesday January 12<sup>th</sup> via Teams.** During this event you will hear subject leaders talk through the subject and you will have opportunity to ask any questions.

We have created TWO live virtual events. The links are below. This is simply to accommodate all our subjects in the time allotted. You can join either and switch between both. At the end of the event at 6.30pm there will be a deputy headteacher's address to outline further information about the nature of our sixth form as a whole. This can be accessed through Event A.

Event A link = <https://bit.ly/3G4va1T>

Event B link = <https://bit.ly/33abAmC>

Each subject has an allocated time where they will share information. The timetable is printed below. All you need to do is be logged into the event at the time published to hear that teacher.

To safeguard all, we would ask that when you login to the Events you observe the following etiquette:

- Please login with cameras **off**
- Please login in with mics **off**
- Please use the chat function to ask any questions

Further to this virtual event, there is also a narrated presentation on the website which provides further information. There are also some sixth form pupils talking about why they chose Morrison Sixth form.

We have a long-standing collaboration with Bishop Vaughan School who provide further subject options. Due to COVID restrictions currently we are unable to offer these subject outlines. This information will be shared at a later date and will be made available on our website. The full breakdown of subjects is listed in the prospectus and on the powerpoint referenced above.

We understand that this is a critical time for your son/daughter as they are working towards their external examinations whilst also making choices that might shape their lives in the future. We hope to work in partnership with you to ensure that your son/daughter makes the best possible choices for him/her as they progress onto the next phase of their education.

Should you have any questions or concerns, please do not hesitate to contact the school or contact Mr S Evans, Director of Sixth form on the following email address: [evanss695@hwbcymru.net](mailto:evanss695@hwbcymru.net).

Yours sincerely,

*Richmond*
