Any Concerns?

- Your child will probably be anxious about starting a new school with so many different faces. This is perfectly normal and only natural. We will ensure that the children settle well in this new environment
- We will be making your child's transition as smooth as possible. We have gathered detailed information from our Cluster Primary schools. This information allows us to plan and provide the appropriate support for your child
- If you would like to speak to the ALNCo, Mrs Burton, she would be very happy to take your call and discuss concerns/queries. Also, there is an option on our website to ask questions and these will be answered, online, by Mrs Burton

We cannot wait to meet you in September!
